Summary

- Innovative and Technically Sophisticated Software Engineer offering 6 years of experience in the software development life cycle and Production support & maintenance - from concept through delivery of applications and customizable solutions.
- Working as an Mobile App (React Native) and Backend (Node.js) developer by designing and developing both Frontend and Backend modules as well as developing API Services.
- Worked on Multi domain Mobile apps and API services like Food catalog (Zomato), Book Movie Tickets (Justickets), Cab Booking (Ola), Content (News/Media) oriented Apps as an extension to the core app.
- Strong programming Skills in JavaScript (ECMA2016 / ES6 Standard), Mobility, Web technologies and Scripting Languages.

Experience

MPL Staff Engineer

Mobile Premier League (MPL)

Jan 2022 - Present (1 year 8 months)

Data Engineering and Data Science/ML

MPL Machine Learning Engineer III

Mobile Premier League (MPL)

Apr 2021 - Present (2 years 5 months)

MPL Senior Development Engineer

Mobile Premier League (MPL)

Jul 2018 - Mar 2021 (2 years 9 months)

Senior Software Engineer - React Native / Mobile App, MEAN Stack Developer

Hike

Dec 2017 - Jul 2018 (8 months)

Senior Engineer - MEAN Stack , React Native / Mobile App Developer

Brillio

Mar 2017 - Jul 2018 (1 year 5 months)

- Working as a Mobile App (React Native), React JS and MEAN Stack (Node JS, Angular JS) developer by designing and developing both Front-end and Back-end modules as well as developing API Services.

- Managing couple peoples and experienced in deploying Cloud Solutions like Microsoft Azure, AWS and IBM Bluemix.
- Also working in compliance with Agile Methodologies through JIRA and Visual Studio Team Services.
- Strong programming Skills in NodeJS (ECMA2016 / ES6 Standard), Core Java, Mobility, Web technologies and Scripting Languages.
- Worked on Hybrid Mobile App Developments (Android / iOS) by leveraging high end frameworks like Ionic and React-Native.

Achievement Highlights:

- Awarded with two 'Team Excellence Award's for effective contributions towards team and delivery, accounted for couple of projects.

Technology Analyst

Infosys

Jan 2017 - Mar 2017 (3 months)

- Worked as a Technology Analyst with good knowledge of Health-Care and Retail Chain business processes.
- Strong programming Skills in Java, Mobility, Web technologies and Scripting Languages.
- Skilled in designing and developing Automations (with or without Scripting), Web-Portals, Applications and Utilities/Tools.

Achievement Highlights:

- Awarded with “Bravo Awards” for Q1 FY’16-This Individual Award is a recognition and appreciation of outstanding performance. The purview of this encompasses the extra mile that employees go in terms of effort, innovation and creativity displayed in their roles and responsibilities.
- Independently handled a Code Migration and Build Project on UNIX Platform where delivery and Go-Live were accomplished before the expected scheduled Delivery of the project.
- Designed and Developed an Admin level Dashboard using cutting edge Web components for Reporting and Frequent command execution on an existing Application Platform.
- Worked on a series of Automation Tools and Scripts which lead to a drastic reduction in Manual Efforts and recognized as Client Value-adds.
- Performed as an active team player and a self-motivator with excellent communication skills, presentation and interpersonal skills which helped to build productive relationships with colleagues, clients and vendors across all functional and technical disciplines

Senior System Engineer

Infosys

Apr 2015 - Dec 2016 (1 year 9 months)

Abad Syntel

Software Engineer

Syntel

Dec 2012 - Apr 2015 (2 years 5 months)

- Worked as an Analyst Programmer in Healthcare Vertical under Application Development and Support projects.

Achievement Highlights:

- Awarded with “SMART” for FY’13– a value award for showing the characteristic to define a problem so as to include its solution or where that is not possible, an approach to the solution.
- Got Client appreciation on Implementing Value Adds in a Production Support & Enhancement Project as well as on rendering exemplary performance towards module development (independently).
- Designed and developed a first of its kind Mobile App for the Syntel PSM Team based on Android platform, which has the features like Online Dashboard data, Team info, Contact Lists etc. which was most appreciated among the project managers as well as the client.
- Implemented a MS Access Database Tool for Task Tracking and Management which eliminated the redundancy in transitions and improved the Tasks deliverable process to a great extent.

Education

Sona College of Technology

Bachelor of Engineering (BE), Electronics and Communication Engineering

2008 - 2012

The Gugai higher secondary school

HSC, Computer Science

2008 - 2008

The Gugai higher secondary school

SSCL

2006 - 2006

Licenses & Certifications

IBM Certified Application Developer - Cloud Platform v1 - IBM

IBM Certified Associate Developer - Rational Application Developer V8 - IBM

IBM Certified Database Associate -- DB2 9 Fundamentals - IBM

Avnet's Highly Scalable Web and Mobile Application Building on Bluemix - IBM
